ON THE COVER: This year marks Gerber's 75th Anniversary of designing and manufacturing problem-solving, life-saving knives, tools and gear that stands up to a lifetime of use. This deep heritage will be the launching pad for our next 75 years of innovation. Throughout 2014, wherever you see this special mark, we will be celebrating the past, and highlighting what comes next. Here's to the next 75.

Unstoppable is a promise to keep going.

One step after the other.

STEADY, INSISTENT, AN INCH AT A TIME IF NEED BE.

UNSTOPPABLE IS WHATEVER IT TAKES, EVEN IF THAT'S EVERYTHING YOU GOT.

Unstoppable is finding out you have more inside than you thought.

Unstoppable is ~~running~~ on empty.

In this way it's KIND OF A MIRACLE, literally doing the impossible.

Unstoppable never brags, pounds its chest or spikes the ball.

That's for players, for games.

~~Games~~ have clocks, time-outs, referees.

Games are pretend, and life is what they pretend to be.

Life gives you real trouble.

AND ACHIEVEMENTS IN WHICH YOU TAKE QUIET PRIDE.

NATURE ISN'T ROOTING FOR ANYBODY.

It's indifferent, and that's why you test your spirit there.

Unstoppable doesn't go it alone if it doesn't have to.

IT MARSHALS EVERY RESOURCE; PUTS TO USE EVERYTHING AT HAND.

It's ready for contingencies, snafus and logjams.

FLIPPED KAYAKS.

BEARS AND BLIZZARDS.

ACTS OF GOD.

UNSTOPPABLE IS HAVING THE RIGHT TOOL FOR EVERY PROBLEM.

TOOLS MATTER.

YEARS OF INNOVATION MATTER.

A good tool enlarges your heart, extends your will.

It lets us interact with the world on the deepest level.

STONE, WOOD, FIRE, BLOOD, SNOT.

YOU'RE OUT THERE IN THE WOODS AND SWAMP AND THE SEA.

You're out there, in it.

YOU'RE UNSTOPPABLE

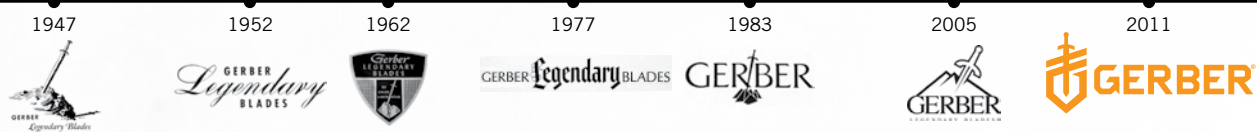

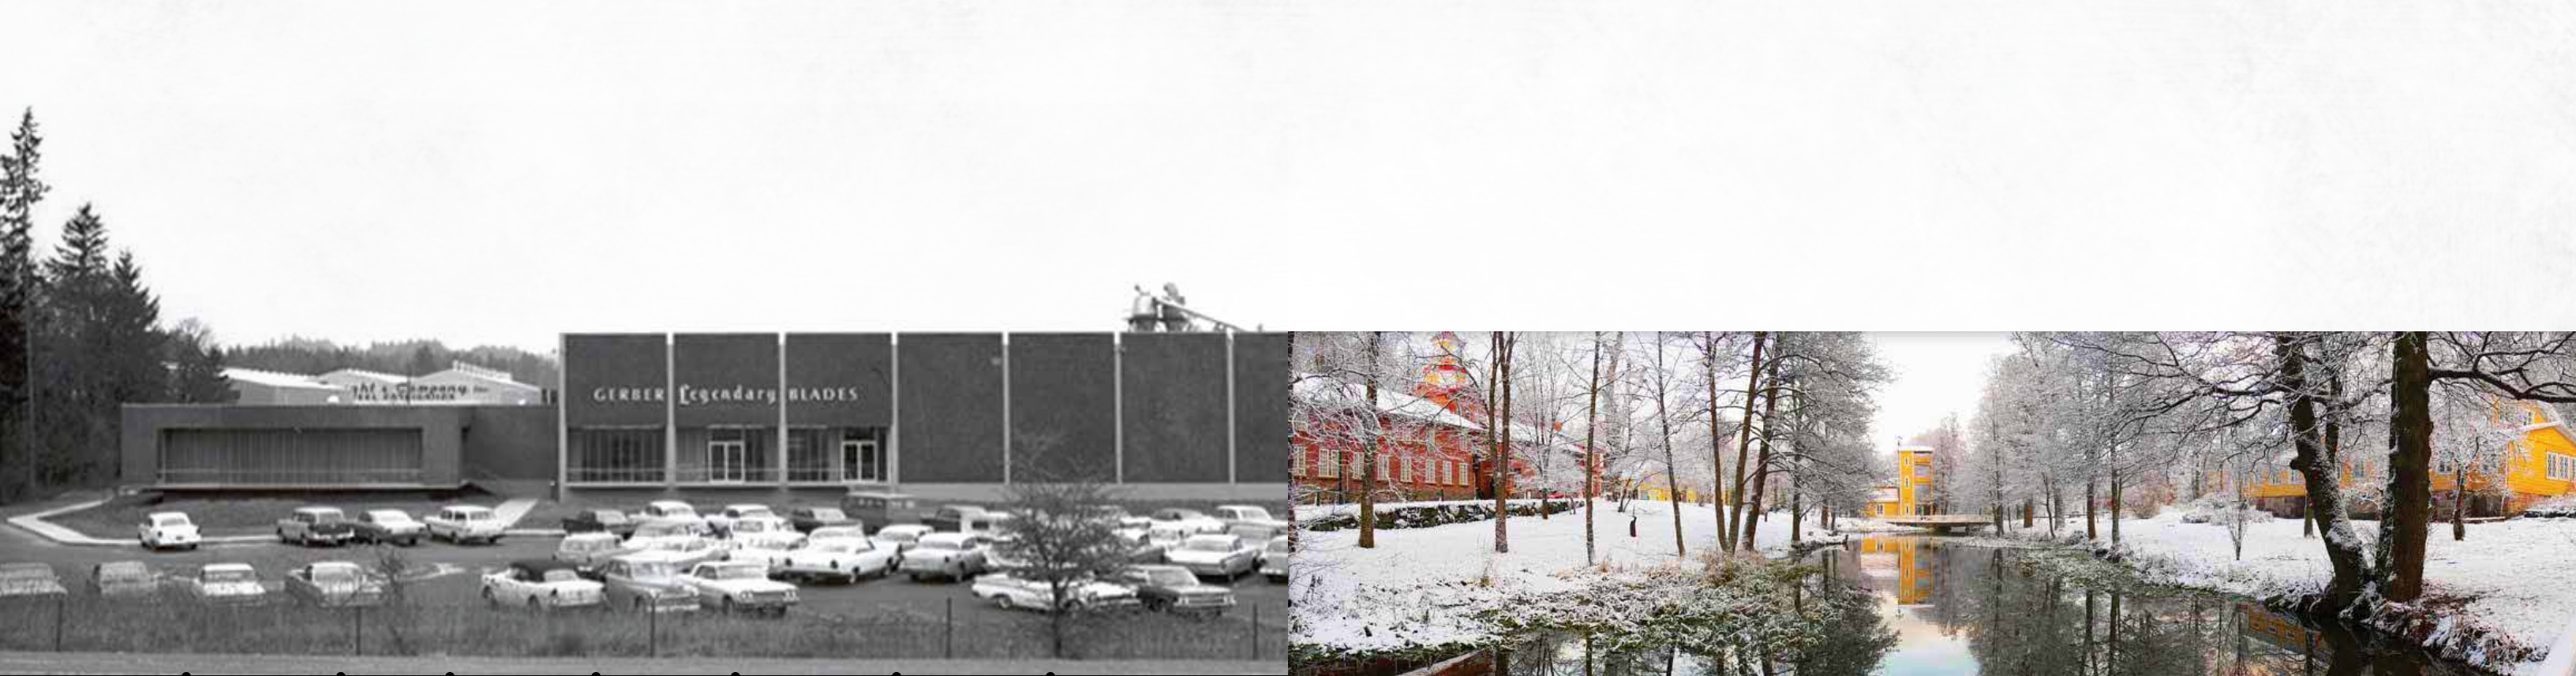

UNSTOPPABLE

I AM NOT A TROPHY,
DESTINED FOR LIFE BEHIND THE SHEATH.
I AM A WORKHORSE.
ABUSE ME. CONFUSE ME.
I DON'T CARE – JUST USE ME.
I WANT TO GET MUDDY AND BLOODY.
SINK MY TEETH INTO A SITUATION.
BREAK SOME GLASS AND SAVE SOME ASS.
I AM BLOOD AND GUTS AND GLORY.
I AM DESIGNED TO DO.

A MAN NEEDS TWO TOOLS IN HIS LIFE: HIS
BRAIN AND HIS GERBER. SURE THERE'S A
LOT OF STUFF OUT THERE THAT CAN TRIAGE
A TOUGH TIME OR TWO. BUT NOTHING AS
GRITTY AND DEPENDABLE AS A GERBER. IT
EMBOLDENS THE MAN. WHISPERS HELP-IS-
HERE AND THEN STEPS ASIDE AS HE SORTS
IT OUT. PUT A GERBER IN A MAN'S HAND
AND LORD HAVE MERCY ON THE PROBLEM
THAT STANDS IN HIS WAY.

Gerber is based in Portland, Oregon, USA and is the flagship brand within the Fiskars Outdoor Americas portfolio.

Seventy Five years after our founding in 1939, Gerber has become an American icon with growing global reach and relevance. Over 200 employees fill our headquarters each day making problem-solving, life-saving products designed with the unique needs of specific end-users in mind.

Gerber's preeminent products span a range of activity-based categories including Hunting, Outdoor, Tactical, Industrial, Essentials. And our partnership with charismatic Survival expert Bear Grylls and development of the Bear Grylls Survival series in recent years created a entirely new category of Gerber products and changed the game in the Survival products marketplace.

Whether it is a knife, a multi-tool, or a variety of ground-breaking outdoor gear, Gerber products are always tough, innovative and trusted.

Gerber joined the Fiskars Group of brands in 1987. Fiskars is a leading global supplier of branded consumer products for the home, garden and outdoors.

Fiskars products are renowned worldwide for their functionality and cutting-edge design, and the group boasts a strong portfolio of trusted international brands such as Fiskars, Iittala, and Gerber. Fiskars' associated company, Wärtsilä Corporation, is also an important part of the group.

Fiskars is listed on NASDAQ OMX Helsinki and employs some 3,600 people. Founded in 1649, Fiskars is Finland's oldest company and one of the oldest companies in the world.

The Fiskars Group is led by its President and CEO Kari Kauniskangas, who joined the company in 2008.

YESTERDAY

GERBER
Legendary
BLADES

We made knives and tools.

TODAY

We develop Problem-Solving,
Life-Saving gear for the unique needs
of a wide range of activities.

BUILT TO LAST

Gerber stands behind all of its products by offering a limited lifetime warranty. Our tools are made to stand the test of time.

ACTIVITY FOCUSED

We design, develop and market products in Activity Categories based on specific end-user needs.

Each Activity Category includes a wide range of gear all designed to address the unique needs of that activity.

To differentiate products within the line, each Category has a unique icon, pattern, color and Sub-brand mark.

It's a consumer-first approach that has energized our organization and been embraced by both our consumers and retail partners.

BORN ON THE BATTLEFIELD

A longstanding ally to the US Military, Gerber understands the importance of trust and the fact that products are often the difference between life and death. Beginning with the famous Mark II combat knife during the Vietnam War era, Gerber has been meeting the unique needs of our men and women in uniform since 1966 and continues to develop solutions for American service personnel deployed globally. Every soldier in the US Army that deployed to Iraq or Afghanistan in the last 6 years was issued an "MP600" Multiplier and a Gerber Strap Cutter, alongside the highly issued "06 Auto" and many other battle-tested, life-saving, problem-solving gear. Ask an American warfighter if they know Gerber and you'll get a story of reliability, loyalty and trust.

ESSENTIALS

FOR IN THE TRUCK, THE SHOP, OR YOUR POCKET, Gerber Essentials are the tools and knives that get us out of unexpected jams every single day. They're the pocket-tools, multi-pliers and everyday carriers that we reach for over and over. Gerber builds them to be durable, lightweight and efficient. What's the specific "activity" for this activity category, you ask? It's Daily Carry.

39 Series

In 1939 the Gerber family started an American original in Portland, Oregon and a legend was born. After 75 years of reliability and innovation, our tradition of American made quality continues with the 39 Series. Inspired by our iconic original blades, this special series pays homage to our heritage while looking toward the future. Grab ahold of a piece of history, and here's to the next 75...

39 SERIES™ SHEATH FOLDER

Overall length: 7.1"
Blade length: 3.0"
Closed length: 4.1"
Weight: 6.32 oz

- 420HC fine edge drop point blade
- Dual thumb studs
- Pocket Clip
- Lockback mechanism safely secures blade
- Unique genuine leather sheath
- Nickel plated zinc handle

The **39 Series Sheath Folder** is a sleek, no frills tool that delivers sheer performance and reliability along with timeless style. Its elegant genuine leather sheath pays homage to Gerber's American tradition established in 1939. This knife will endure the test of time and make a statement of craftsmanship, quality and style

GDC Collection

The Gerber Daily Carry Collection is equal parts style and performance. A line of EDC products designed for the realities of the 21st Century, these innovative tools integrate seamlessly into a modern, active lifestyle. From a blade that attaches to the zipper pull of your backpack, to a pocket knife that will never scratch your mobile phone and sleek belt with an integrated multi-tool, this hot collection consistently delivers surprising utility but never sacrifices form for function.

GDC BELT TOOL

Belt length: 52"
Tool length: 3.3"
Weight: 9.1 oz

- Cut to size 52" long belt
- Quick belt release
- Bottle opener
- Pry bar
- Finger slot with serrated thumb rest for maximum grip
- Rust proof materials
- Titanium coated steel body
- G-10 front plate

Gerber took the expression "another tool in your tool belt" to a new level with a robust and practical belt that is a must have in every closet. Whether it is the end of a work day, a hiking expedition or a casual barbecue, the belt tool will be there to pry open a bottle of beer, or help you out of whatever jam you find yourself in.

Trapped Blister:
31-002508
UPC: 0-13658-13925-1
Carton:
30-000875

GDC MONEY CLIP

Blade length: 1.7"
Closed length: 3.6"
Weight: 2.9 oz

- Holds 5 credit cards
- 1.75" blade
- Large engraveable surface
- Finger slot with serrated thumb rest for maximum grip
- Rust proof materials
- Titanium coated steel body
- G-10 front plate
- Anodized aluminum accents

True to the always ready GDC lifestyle, the Gerber Money Clip brings a sleek knife to the practical gentleman's pocket. Ditch your old bulky, unwieldy wallet that invites fumbling. Warning: this is a budget buster. The clever blend of quality, looks and functionality will make you want to pick up the tab every time just to show it off.

HIKING, BIKING, CAMPING, CLIMBING – We have a knife or tool for every outdoor activity. When tested in the elements, Gerber's outdoor gear shows its true colors – sleek, sporty designs constructed with rugged materials. Deserts, Mountains, Forests – these are the ones to carry in the wild and open spaces.

OUTDOOR

FREESCAPE™ CAMP KITCHEN KNIFE

Overall length: 9.1"
Blade length: 3.8"
Weight: 6.5 oz.

- Santoku inspired blade
- Dishwasher safe
- Full tang construction
- Textured rubber grip
- Full fine edge blade
- Lanyard hole
- Sheath with belt loop
- 7Cr17MoV steel

The Freescape™ collection of products are designed to make life in the Outdoors more fun. The Camp Kitchen Knife features a santoku-inspired blade shape that excels at food preparation with a full fine edge. While it chops exceptionally well, the rugged full-tang construction ensures that it will hold up to any other campsite abuse it might see. The handle features the Freescape™ textured pattern with a rubberized surface for a secure hold in all conditions. And the knife is dishwasher safe, making cleanup simple. The durable sheath, made of neoprene and keeps the knife secure and easily attaches to your belt or can be tossed in a pack.

Trapped Blister:
31-002533
UPC: 0-13658-13969-5

FREESCAPE™ FLASHLIGHT

Overall length: 9.1"
Weight: 6.5 oz
Batteries: AA [2]
Output:
White High: 200 lm / 1 hr
White Low: 55 lm / 8.5 hrs
Red: 3 lm

- 3 Modes: Red/Low/High
- Unique anti-roll shape
- Push button on/off tail cap switch
- Momentary on/off
- Lanyard loop
- IPX7 Water Proof
- CREE XPG L.E.D.
- Osram RED L.E.D.

The Freescape™ collection of products are designed to make life in the Outdoors more fun. The Flashlight features a high output CREE XPG L.E.D. for when you need to light up the night and an Osram RED L.E.D. to keep things a bit more low key and preserve your night vision. Featuring 200 lumens [lm] of output on high, the Freescape™ Flashlight has the power you need when camping or hiking out from the route that was a little longer than expected. The design features a large loop at the rear, which not only protects the on/off switch from accidental use, but also allows you to attach to a carabiner or strap to a pack for easy carry. The non-traditional body design keeps the light from rolling away from you while the construction makes it tough enough to last a lifetime. With an IPX7 rating, the Freescape™ Flashlight will keep your path lit even in a downpour.

Trapped Blister:
31-002560
UPC: 0-13658-14009-7

FREESCAPE™ FOLDING SHEATH

Overall length: 8.4"
Blade length: 3.5"
Weight: 4.3 oz

- Safety Slider deeps blade closed when engaged
- Textured rubber grip
- Partially serrated blade
- Lanyard hole
- Lockback
- Sheath with belt loop
- 7Cr17MoV steel
- Neoprene & Nylon sheath

The Freescape™ collection of products are designed to make life in the outdoors more fun. The Folding Sheath Knife features a safety that allows the user to lock the blade closed when not in use. This can keep little fingers safe and also works as a secondary lock to keep the blade open when in use. The 3.5" partially serrated blade is made from 7Cr17MoV steel and features a lockback mechanism to keep it securely open during use in addition to dual thumb studs for easy opening. Both the safety and the lockback make using this knife with gloves on or in cold conditions a breeze. The handle features the Freescape® textured pattern with a rubberized surface for a secure hold in all conditions. The durable sheath, made of neoprene and keeps the knife secure and easily attaches to your belt or can be tossed in a pack.

Trapped Blister:
31-002527
UPC: 0-13658-13953-4

FREESCAPE™ LARGE LANTERN

Height: 9.3"
Diameter: 5"
Weight:
w/out batteries 20.6 oz
Batteries: D [4]
Output:
High mode: 200 lm / 15 hrs
Low mode: 15 lm / 240 hrs

The Freescape™ collection of products are designed to make life in the Outdoors more fun. The Large Lantern brings camp lighting to the next level. With a FreeTouch Technology ring around the light, a light tap turns it on or off. A longer touch on the ring dims the light for those times when you don't need all 200 lumens [lm] of light blasting through the campsite. Or, touch and hold that same ring and make it feel like daylight in the campsite or your tent. An easy to use, spring loaded handle clip makes the Large Lantern easy to hang from a tent or the rope you shimmied up the tree to hang. Powered by four D Batteries, the lantern features four L.E.D.s on the front to indicate battery power remaining. To ensure that the batteries last as long as possible, in addition to the infinitely adjustable dimming feature, there is also a power kill switch to keep it off when stowed away with the rest of your gear. The IPX4 water resistance makes sure that even if it is left out overnight in the rain, the Large Lantern is going to keep shining bright.

Carton:
30-000932
UPC: 0-13658-14037-0

- On/off power switch
- FreeTouch Technology output ring: tap on/off
- Spring-loaded handle clip
- Grippy rubber footings
- L.E.D. battery lite indicators
- IPX4 water resistant
- CREE XM-L2

FREESCAPE™ SMALL LANTERN

Height: 5.9"
Diameter: 3.2"
Weight: 8.3 oz
Batteries: AA [3]
Output:
High mode: 50lm/10hrs
Low mode: 10lm/40hrs

- On/off power switch
- FreeTouch Technology output band: tap on/off
- Spring-loaded handle clip
- Grippy rubber footings
- ABS Plastic Body with TPE overmolds
- IPX4 Water Resistant
- CREE XM-L2 L.E.D.

The Freescape™ collection of products are designed to make life in the Outdoors more fun. The Small Lantern brings camp lighting to the next level. With a FreeTouch Technology ring around the light, a light tap turns it on or off. A longer touch on the ring dims the light for those times when you don't need full output. Or, touch and hold the ring and make it feel like daylight in your tent with 50 Lumens [lm] of output. An easy to use, spring loaded handle clip makes the it easy to hang from a tent or the rope you shimmied up the tree to hang. Powered by 3 AA Batteries, the Small Lantern emits light out the frosted side lens, but also through the bottom of the light to maximize effectiveness when hanging. To ensure that the batteries last as long as possible, in addition to the infinitely adjustable dimming feature, there is also a power kill switch to keep it off when stowed away with the rest of your gear. The IPX4 water resistance makes sure that even if it is left out overnight in the rain, the Small Lantern is going to keep shining bright.

UPC: 0-13658-14038-7

FREESCAPE™ WATER BOTTLE

Height: 10"
Diameter: 2.9"
Capacity: 24 fl oz

- Bottle material is high Triton™ Copolyester
- BPA-Free
- Cup material is Polypropylene (FDA compliant)
- Lockable cap
- Removable cup for sharing
- Dishwasher Safe

The Freescape™ collection of products are designed to make life in the Outdoors more fun. The Freescape® Water Bottle holds 24 oz of liquid in the BPA free, translucent main bottle. Conveniently, the Water Bottle features a quickly removable cup to allow you to share whatever you've brought to camp with you. The cap on the bottle features a spring loaded lid that can be locked closed to keep it secure when you're on the go. The sliding barrel lock shows a red ring when unlocked (right position) and no color when locked (left position). When the lid is in the closed position, there is a convenient loop that makes it easy to carry or even strap to a pack and take it with you. Whether you're out there with friends or family, the Freescape® Water Bottle makes it easy to share.

FREESCAPE™ HATCHET

Overall length: 17.32"
Blade length: 2.93"
Weight: 36.8 oz
Head material:
Forged Steel
Handle material:
Fiber Comp™

- Forged Steel Head
- Slim profile sheath stores in handle when in use
- Composite handle is extremely durable and lightweight
- Made in Finland / Sheath Made in China

The Freescape™ collection of products are designed to make life in the outdoors more fun. The Hatchet features an innovative new sheath that is easy to take on and off while maintaining a slim profile. Additionally, when not protecting the forged steel blade, it conveniently stores in the handle. The handle features a soft touch over mold to keep the Hatchet securely and comfortably in your hands. The forged steel head is world class in strength and the design ensures efficient and reliable chopping. Whether you are gathering kindling for a camp fire, pounding in tent stakes or making a primitive shelter, the Freescape™ Hatchet is sure to make it more fun.

BACK PAXE II™

Overall length: 9.0"
Blade length: 2.7"
Weight: 18.4 oz.

- Forged steel head
- Fibercomp™ handle
- Made in Finland / Sheath Made in China

Gerber axes, like all of our products, are built to solve problems. Taken along on a camping trip or applied for use in the yard, the Back Paxe II is light and tough. Featuring an innovative easily-removed sheath that still maintains a slim profile and stores neatly within the handle, the Back Paxe II serves its owner with the excellence that modern technology and quality steel have combined to deliver.

Trapped Blister:
31-002648
UPC: 0-13658-14121-6

2014 NEW PRODUCTS

SPORT AXE II™

Overall length: 14"
Blade length: 2.7"
Weight: 24 oz.

- Forged steel head
- Fibercomp™ handle
- Made in Finland / Sheath Made in China

The Sport Axe II, like all Gerber axes, is built with an eye to problem solving. The Sport Axe II is the middle brother of the Gerber single hand axe series. Its handle is a bit longer than the Back Paxe II and slightly shorter than the Camp Axe II. Featuring an innovative easily-removed sheath that maintains a slim profile and stores neatly within the handle, the Sport Axe II serves its owner with the excellence that modern technology and quality steel have combined to deliver. The handle features a soft touch over-mold to keep the Sport Axe II securely and comfortably in your hands.

Trapped Blister:

UPC: 0-13658-14119-3

SPLITTING AXE II

Overall length: 28.5"
Blade length: 3.15"
Weight: 88.1 oz.

- Forged steel head
- Fibercomp™ handle
- Formed plastic sheath
- Made in Finland

Gerber axes, like all of our products, are built with an eye to hurdling trouble. The Splitting Axe II, like the original Gerber Splitting Axe, has an extra-long Fibercomp™ handle and weighted, forged steel head for power when splitting logs and chopping roots. Built to withstand the abuse that regularly breaks wooden-handled splitting mauls and axes, this was made with loggers, arborists, landscapers and homeowners with wood-burning stoves in mind.

2014 NEW PRODUCTS

XL AXE™ II

Overall length: 23.6"
Blade length: 3.48"
Weight: 56.8 oz.

- Forged steel head
- Fibercomp™ handle
- Formed plastic sheath
- Made in Finland

Gerber axes, like all of our products, are built with an eye to hurdling trouble. Whether it's for camping, on a job site for hard labor, or putting in the backyard, the XL Axe II, like the original Gerber XL Axe, is light in the handle and tough in the blade, serving its owner with the excellence that modern technology and quality steel have combined to deliver.

UPC: 0-13658-14126-1

RIVER SHORTY™

Overall length: 6.75"
Blade length: 3.0"
Weight: 4.0 oz
Handle: Glass-filled nylon
Sheath: Molded Plastic

- Tough Molded Sheath attaches to Personal Flotation Device, pack or belt
- Blunt Tip/Safe With Inflatables
- Quick Release Lock
- Made in USA

An excellent water sports knife, the Gerber River Shorty excels in responding to the unique requirements of rafting, paddling and diving. With its sturdy stainless steel blade, extremely light glass-filled nylon handle, and deliberately stunted tip, the River Shorty can be carried into a myriad of high-difficulty water-related situations in its sheath designed expressly for mounting onto a PFD.

Well-polished in order to limit corrosion, the River Shorty does the job in watery elements without making waves. The 3-inch blade offers major versatility, with a small partial serration on the lower edge, and a longer, beefier serration on the upper edge. Remove the lightweight knife from its sheath clipped to a PFD to quickly hack at reeds, cut a tie-off rope, or sever cord. Use the River Shorty back at camp to slice into a watermelon after lunch.

TOGETHER WITH BEAR GRYLLS, Gerber makes survival tools for everyone from scouts on their first overnighter to seasoned adventurers exploring the backcountry. For survival in the elements, we created a line of the toughest, most innovative knives and tools available. With just your hands, your head and your tools you can account for everything needed to stay alive in the wild.

SURVIVAL

2014 NEW PRODUCTS

COMPACT FIRE STARTER

Length: 3.4"
Diameter: .55"
Weight: .8 oz

- 2-piece design
- Easy to use
- Rubber overmold provides grip
- Paracord lanyard attaches to keychain, pack or jacket zipper
- Lightweight
- Priorities of Survival Pocket Guide

A key factor in surviving in the wild is how well you can get a fire going. The Compact Fire Starter makes it easy to always have it with you as it combines a sleek new design with a smaller size, making ideal for attaching to your keychain or backpack. The simple, 2-piece design makes using it in the cold or with gloves on a breeze. The ferrocerium rod produces the high quality, fire starting sparks you need when it matters most. Made of durable anodized aluminum with a textured rubber grip, the Compact Fire Starter can take some abuse and still deliver. With an IPX4 rating, even if you get caught in a downpour, you won't have to worry about your fire starter failing you.

CARD TOOL

Blade length: 1.5"
Overall knife length: 3.2"
Dimensions: 3.39" x 2.3" x .3"
Weight: 2.7 oz
Task light: 1 lm
Batteries: Lithium Ion 1220

- Fine edge blade with fire striker notch
- Phillips screwdriver
- Flat head screwdriver
- Ferrocerium rod
- Metric ruler
- Standard ruler
- L.E.D. task light
- Bottle opener
- 4Cr13 steel
- Card: ABS plastic & 2CR13
- Priorities of Survival Pocket Guide

The all in one survival tool. The Card Tool has everything you need for survival in the wild, or in the city. The rugged, steel backed construction is the first indication that this Card Tool isn't like the rest. With a water-resistant L.E.D., metric and standard rulers and a bottle opener all usable without pulling anything out, the card tool means business. The fixed blade, fine edge easily slides out of the tool to reveal a lightweight knife with an ergonomic finger hole for easy use. At the opposite end, 3 tools are securely held in place. Phillips and standard screw drivers are there for those just in case moments while a compact ferrocerium rod provides the spark needed to get your fire going. Using the back edge of the knife, that ferrocerium rod comes to life and produces the sparks needed. And just like that, all the tools slide back into the card and in your pocket it goes, until the next use.

2014 NEW PRODUCTS

SURVIVAL AO

Overall length: 3.0"
Blade length: 7.4"
Closed length: 4.2"
Weight: 3.3 oz

- Assisted opening / one hand opening
- Safety lock keeps blade closed
- Partially serrated blade
- 7Cr17MoV steel
- Dual thumbstuds
- Plunge lock
- 30% glass-filled nylon with rubber overmold handle
- Pocket Clip
- Lanyard Hole
- Priorities of Survival Pocket Guide

Quick access to your knife can be the difference between life and death. The Survival AO takes that to heart, and features an assisted opening blade that is one-hand operable. Using Gerber's F.A.S.T. 2.0 technology, the Survival AO implements both a plunge lock and a safety lock. The safety barrel lock will keep the blade closed when in your pocket or as a secondary lock when opened. The easy to use plunge lock makes it easy to close the knife with just one hand. The blade has dual thumbstuds and a partially serrated 3" blade made of 7Cr17MoV steel. The handle is made of durable glass filled nylon with the familiar rubber overmold that will keep the Survival AO secure in all conditions. The removable pocket clip and lanyard hole provide multiple carry options.

COMPACT II

Blade length: 2.6"
Overall length: 6.1"
Closed length: 3.5"
Weight: 1 oz

- Made in the USA
- Full fine edge, drop point blade
- 420HC steel blade
- Thin and lightweight
- Nail nick
- Rubber overmold + large finger notch
- 30% glass-filled nylon w/TPE overmold handle
- Lanyard hole
- Priorities of Survival Pocket Guide

The next generation of survival pocket knives, the Compact II builds off of the original to make it the best survival pocket knife we've ever made. The most notable change is a more robust handle with a rubber overmold and a prominent finger cut out for easy use. The full fine edge blade, made of 420HC, is made in Portland OR and features a nail nick to assist in opening. With finger jimping on the top of the blade, the grippy rubber overmold and the ergonomic handle design, the Compact II won't slip away when you need it most and conditions get rough. The lock back mechanism keeps the knife safely open during use but is easy to close, even while wearing gloves. The lanyard hole gives extra flexibility in carrying options. This is Bear's new choice for a back-up survival knife.

TINDERBOX

Length: 5.75"
Width: 2.25"
Height: 1.06"
Weight: 3.0 oz

- Unique tinder cutter w/cover
- C304 stainless cutter
- Polypropylene cutter cover
- Rubber overmold to keep it secure
- Polycarbonate/ABS with TPE overmold
- Magnifying glass
- Emergency signaling mirror
- Tinder capturing box to keep dry
- Priorities of Survival Pocket Guide

A key factor in surviving in the wild is how well you can get a fire going. With the BG Tinderbox, building a fire just got easier. It features a steel cutting surface that makes creating tinder easy and the frame is wrapped in high grip rubber to keep it securely in your hand. With a simple push of a button, the cutting surface pivots to the side and the tinder is available to use. Creating tinder is only one part of building a fire...you have to get it lit, too. While matches or a fire starter work well, the Tinderbox features a magnifying glass that will get the job done as well. And, when you need it, turn the Tinderbox over and use it to signal for help.

RECHARGEABLE TORCH

Length: 6.3"
Diameter: 1.2"
Weight: 4.3 oz
Estimated outputs:
Charged @90 rpm / 2 mins
High: 40 lm / 5.5 mins
Medium: 20 lm / 10 mins
Low: 10 lm / 20 mins

- Crank powered light
- Recharge by spinning end
- Durable anodized aluminum body
- Rubber overmold ring
- CREE XPG-R3 L.E.D. with reflector
- Priorities of Survival Pocket Guide

What is worse than being stranded out there in it? Having your flashlight run out of batteries! The latest from the Gerber Bear Grylls Survival Series ensures that running out of light (batteries) will never be a problem. This new torch features an anodized aluminum body with an innovative removable tail cap, which is connected to a crank arm. With rechargeable batteries on board, turning the crank arm generates a charge and ensures you'll always have light. With 4 modes (High, Medium, Low, S.O.S.) this torch delivers for any survival situation. Output estimated at 40 lumens on High using a CREE XPG-R3 LED. The torch is IPX7 water proof (when the tail cap is secured) which means that even if you're caught out in the rain, this torch will shine on.

GERBER HAS BEEN MEETING THE UNIQUE NEEDS of the US Armed Forces for over 40 years. With experience like that it's no surprise Gerber's Tactical line delivers products your life can depend on. From standard issue multi-tools and American-made automatic knives to low profile, tanto-tip pocket folders and high intensity flashlights. Whether deploying downrange, serving the community or protecting your family, Gerber Tactical has the right tools for the job.

DECREE

Blade Length: 3.7"
 Overall Length: 8.7"
 Closed Length: 5.1"
 Weight: 4.8 oz

- Modified tanto blade
- S30V blade steel with ceramic coating
- Thumb studs and finger-flip tab
- Liner lock
- Rubberized diamond texture handle
- Tempered steel glass breaker
- Lanyard hole

Four decades of designing tactical knives has given Gerber a wealth of knowledge regarding operators and their needs. The Decree ties all of these lessons into a tight, effective package. The Decree features a premium S30V steel modified tanto blade. The tanto point provides superior piercing ability while the rounded bottom edge allows users to sharpen the blade while maintaining the knife's geometry. Thumb studs and a finger flip tab allow the operator to rapidly deploy the blade. The blade's black ceramic coating provides superior corrosion resistance and minimizes reflective surfaces. Partial serrations provide additional cutting power and the tempered steel glass breaker in the pommel allows the operator to use the knife in rescue applications. The glass-filled nylon handle features the rubberized diamond texture for a secure grip in all weather conditions. Proudly made in Portland, OR.

 Weight: 2.6 oz

- Partially-serrated blade with thumb hole
- 420HC blade steel with ceramic coating
- Lock back opening/closing mechanism
- Rubberized diamond texture handle
- Pocket clip
- Lanyard hole

On the battlefield, a knife is as much a tool as it is a weapon. The Order continues Gerber's history of American-made tactical knives designed to be used by soldiers and police officers for cutting, prying, digging and fighting. The Order features a 420HC blade with a black ceramic coating which protects against corrosion and minimizes reflective surfaces. The handles are made of glass-filled nylon and over-molded with a rubberized diamond texture, providing a secure grip in all weather conditions. The thumb hole in the blade allows for easy one-handed opening and the lock back mechanism provides structural integrity for heavy-duty work. Proudly made in Portland, OR.

EDICT FOLDING CLIP KNIFE

Blade Length: 3.6"
 Overall Length: 8.5"
 Closed Length: 4.9"
 Weight: 3.6 oz

- 3.6" Fine edge Tanto blade
- 154CM blade steel with ceramic coating
- Thumb studs
- Rubberized diamond texture handle
- Lanyard hole

The Gerber Edict was built with one thing in mind – combat. Its full-size tanto blade features a fine edge with no serrations, allowing for maximum piercing and slicing capabilities. The blade is made of premium 154CM steel for excellent edge retention and features a black ceramic coating which maximizes corrosion resistance while minimizing reflective surfaces. Thumb studs allow for quick one-handed blade deployment and the knife's lock back closing mechanism provides structural integrity in heavy-duty applications. The glass-filled nylon handle features a large palm swell, a finger guard for heavy-duty work and a rubberized diamond texture for a secure grip in all weather conditions. Proudly made in Portland, OR.

eFFECT II

Closed length: 3.5"
 Open length: 5.7"
 Weight [w/sheath]: 5.4 oz

- M249 carbon scraper
- M4 / M16 bolt scraper
- Detachable dental style carbon pick
- Flathead screw driver
- Takedown pin punch
- MOLLE compatible coyote nylon sheath

The eFFECT II is an improvement on Gerber's now iconic compact multi-tool for the AR-15 / M4 / M16 weapons platform. The eFFECT II features an M249 style carbon scraper for cleaning out the inside of the bolt carrier, a second contoured steel scraper for cleaning caked on carbon from the bolt, and a removable dental-style carbon pick for cleaning the ejector end of the bolt. Unscrew the dental pick and thread a cleaning cable to the eFFECT II to use the tool as a handle for your cleaning cable. Also include the tool is a beefy flathead driver for tightening down optics and accessories in the weapon system, a takedown pin punch and a front sight adjustment tool for iron sights. The eFFECT II includes a coyote nylon MOLLE compatible sheath. Proudly built in Portland, OR.

GHOSTRIKE SERIES FIXED BLADE

Blade Length: 3.3"
Overall Length: 6.9"
Weight (w/sheath): 3.6 oz

- 3.3" Fine edge drop point blade
- 420HC blade steel with ceramic coating
- Rubberized diamond texture grip
- Sheath included
- Lanyard hole

The **GHOSTRIKE Series Fixed Blade** is an ultra-light self defense knife with a sheath system configurable for concealed or open carry. The modular sheath system can be worn horizontally on the belt and concealed under and un-tucked shirt or vertically on a belt like a traditional fixed blade knife. Simply detach the belt loops from the grommet holes and arrange them as you please. The compact skeletal fixed blade is sized for concealed carry and can be worn without making a profile against your outer clothing. The rubber over-mold handle features a diamond texture, allowing for a superior grip in critical situations. Know your local concealed carry laws before you decide how to carry. Proudly made in Portland, OR.

GHOSTRIKE SERIES PUNCH KNIFE

Blade Length: 2.5"
Overall Length: 4.8"
Weight (w/sheath): 3.2 oz

- 2.5" Fine edge Drop Point blade
- 420HC blade steel with ceramic coating
- T-handle
- Rubberized diamond texture handle
- 550 cord for neck-knife carry

The **GHOSTRIKE Series Punch Knife** is a skeletonized t-handle fixed blade designed for self-defense applications. The rubberized over-mold grip features a diamond texture, providing superior control in critical situations. The GHOSTRIKE Punch Knife includes features a glass filled nylon sheath that can be strung around the operator's neck with 550 cord or worn on a standard 1.75" tactical belt. The sheath also features four grommet holes for operators who choose to tie it down to MOLLE gear with 550 cord. All knives in the Discreet Series can be carried overtly or in a concealed manner. Know your local concealed carry laws before you decide how you will carry. Proudly made in Portland, OR.

GHOSTRIKE SERIES FIXED BLADE DELUXE KIT

Blade Length: 3.3"
Overall Length: 6.9"
Weight (w/sheath): 3.6 oz
(w/ankle wrap): 6.0 oz

- 3.3" Fine edge drop point blade
- 420HC blade steel with ceramic coating
- Rubberized diamond texture grip
- Neoprene ankle wrap
- Sheath included
- Lanyard hole

The **boot knife has been a vital self defense** instrument for centuries. A blade kept discreetly on the lower leg is essential when the situation goes awry. The GHOSTRIKE Series Fixed Blade Deluxe Kit comes with an ankle-mounted sheath which can be worn with either a boot or low-cut shoe. The sheath mounts to a thin neoprene ankle wrap which can be worn comfortably for hours on end. The compact skeletal fixed blade is sized for concealed carry and can be worn without making a profile against your outer clothing. The rubberized over-mold handle features a diamond texture grip, allowing a superior grip in critical situations. The Deluxe Kit's sheath also comes with optional belt loops and can be worn vertically or horizontally in an open-carry or concealed-carry manner. Know your local concealed carry laws before you decide how to carry. Proudly made in Portland, OR.

MP1-AR WEAPONS TOOL

Blade length: 2.75"
Closed length: 4.3"
Overall length: 7.3"
Weight: 9.7 oz

- Spring-loaded, forged steel needle-nose plier jaws
- Wire cutter
- Wire stripper
- Full-size serrated blade
- Full-size fine edge blade
- Takedown pin punch
- Carbon scraper
- Dental style carbon pick
- Magnetic bit driver
- MOLLE compatible coyote sheath
- 12-piece bit set, includes
 - Torx bits
 - Hex bits
 - Phillips bits
 - Front sight adjustment tool
 - Trigger assembly pin punch

Gerber's **eFFECT** was the world's first military-grade multi-tool designed specifically for the AR-15 / M4 / M16 weapon system. The MP1-AR is the next evolution; a full-size multi-tool featuring implements needed for cleaning and maintaining the weapon system, along with vital everyday tools for the field. The MP1-AR features a pin punch for take-down pins, a contoured carbon scraper for cleaning the bolt and inside the bolt carrier, and a dental style carbon pick for cleaning the bolt's ejector area and other hard-to-reach parts of the weapon. The MP1-AR features a magnetic bit driver which accepts standard sized bits and is accompanied by a bit set that includes flathead, Phillips, hex and Torx bits commonly needed for adjusting optics and accessories. The bit set also includes a front sight adjustment tool for iron sights and a pin punch for trigger assemblies. Also found on the tool are full-size serrated and fine edge blades, and spring loaded jaws made of forged steel, providing the ultimate in jaw strength. The MP1-AR also includes a MOLLE compatible coyote nylon sheath. Proudly built in Portland, OR.
