Ek Commando Knives

These blades are made of quality HCS1718 high-carbon stainless steel, the blades are heat treated to 1950 degrees F, then plunged to 120 degrees F below zero to retain a razor sharp edge. These 6 5/8" blades Rockwell at 57-59, overall length of these knives is 12 1/2". Full tang construction. Thick brass guards, down swept for comfort, to increase thrusting power and to help prevent jamming the thumb. The wisp waisted blade increases cutting and slashing ability. The extended butt feature provides a multitude of uses such as a pry bar, or defensively, as a "Skullcrusher" pommel. Sheaths are designed to accommodate military pistol belts.

EK S/F

The olive drab PARAGRIP™ handle provides a comfortable, non-slip grip that can be quickly unwrapped to provide 18 feet of 550-lb tensile strength Mil Spec parachute cord for emergency lashing. Includes high quality olive drab, lined, ambidextrous nylon sheath. Sharpened false edge.
